Description: The classic guide to making documentaries, now revised and expanded for today's filmmakerThe second edition of Making Documentary Films and Videos fully updates the popular guidebook that has given readers around the world the knowledge and confidence to produce their first documentary film. It traces two main approaches—recording behavior and re-creating...

Review: One of the strengths of this book is the underlying thought process of the author used in the creation of a documentary. He also highlights the abuse of individuals in the industry cashing in and neglecting to be honest and factual in their documentary work. This is not an instructional manual on film technique. You will not learn how to use your camera...
